Looking for an opportunity to join a web development team that is developing cutting-edge digital experiences for clients and their stakeholders.

PROFESSIONAL EXPERIENCE

Vi, Remote — *Software Engineer*

FEBRUARY 2024 - FEBRUARY 2025

- Developed and implemented A/B tests using WordPress, HTML/CSS/JS and AI to optimize membership conversion rates for the third-largest gym chain in the US
- Implemented an admin control panel for several clients using React/Next.js/Tailwind
- Developed WordPress pages that parsed JSON data and integrated with the WP API for seamless communication

International Boundary and Water Commission, Remote — *Web Developer*

FEBRUARY 2023 - DECEMBER 2023

- Developed a WordPress website to enhance user experience, guided by data analytics and hosted on Azure
- Performed cross-browser testing to ensure compatibility across multiple platforms and devices
- Created detailed documentation of procedures for client reference and ease of use

Majority Strategies, LLC, Jacksonville, FL — *Web Developer*

JUNE 2021 - DECEMBER 2022

- Created 60+ custom WordPress websites utilizing HTML/CSS/PHP/JS while adhering to industry best practices
- Managed and migrated hundreds of websites to WP Engine using All-in-One WP Migration, ensuring seamless website performance
- Consistently met or exceeded expectations on all projects
- Proactively worked to reduce barriers to communication between sales and technical teams to ensure client satisfaction and retention

Jacksonville Public Library System, Jacksonville, FL — *Web/Graphic Designer*

NOVEMBER 2019 - JUNE 2021

- Coded weekly blog posts using HTML/CSS for website serving 21 library branches county-wide
- Redesigned web pages to improve user experience and ADA accessibility
- Compiled data analytics to improve library programs
- Implemented marketing strategies to clarify the library's brand of lifelong learning
